

Hello Families,

As you may know, Charleston County has closed school until March 31st . As a third grade team, Mr. Tracey and I have come up with a plan to keep your student learning over this period. This plan revolves around access to their chrome books and the internet. All students had a Chromebook sent home with them. However, any device that can access the web can work.

The first part of our plan is daily instruction. These will be tasks that students are asked to complete every day. The tasks are as follows.

- Pass 1 iReady math lesson
- Pass 1 iReady reading lesson
- Read for 30 minutes
- Type a paragraph response to the question posted daily on Google Classroom

We are also going to include some more long term tasks, in order to cover all subjects and standards. Some long term task are included below

- Complete the Science Fair project. This is detailed in the attached PDF. We will be presenting within one week of our return to school.
- Complete the weekly TDA in a google doc. The passage and TDA will be posted on Google Classroom on Monday and responses are due on Friday.
- Complete 1 virtual field trip of your choice (in the document below) a week and respond to the field trip with the response form on google classroom.

All assignments will be posted on Google Classroom. I have sent an email invite for free access to EPIC for the remainder of the school year. If you did not receive it please let me know.

Thank you so much for all of your support over this period. None of this work will be counted towards your students' grades, but is important in making sure they are still learning and growing so they can be successful on the end of the year test. We will be monitoring their work on Google Classroom and iReady. If you have any questions at all during this period please email or dojo message me, and I will respond to you within 1 business day.

Stay safe!

-Mrs. Drum

Name: \_\_\_\_\_

### Daily Work

	Monday	Tuesday	Wednesday	Thursday	Friday
Pass 1 iReady Math lesson					
Pass 1 iReady Reading lesson					
Read for 30 Minutes					
Answer the Readers Response					

### Weekly Checklist

- Read the Passage and TDA
- Plan answer to the TDA
- Write TDA response
- Turn in TDA response on Google Classroom
- Work on Science Fair project
- Complete 1 Virtual Field Trip
- Respond to the Field Trip

Make sure you are working hard and staying focused!
