

7th Grade Lesson Plans for 3/17/20 - 3/31/20

Here you will read a little bit about what to expect from each class. Please follow the spreadsheet on the next few pages for a day by day lesson plan for each subject. Please feel free to reach out to Ms. Nevers or Ms. Lesnevec via email for any questions. We will do our best to answer all emails as soon as possible. We understand that you may run into difficulties along the way as online learning is new for all of us. Please try your best and try not to worry too much!

ELA & Writing -

Students MUST complete their ROT essay that we have been working on for the last week and a half. This essay is due on Google Classroom Wednesday, March 18th. No late work will be accepted as this is something we have been working on prior to the closure of schools.

- The other assignments following the essay are outlined below. The students will watch the Roll of Thunder film, complete a compare and contrast answer sheet and then do an accompanying activity.
- Students will then read TJ's trial from Roll of Thunder and answer the provided questions.
- When they have finished this work, they are to read their fantasy/dystopian Haddix text, as outlined below.
- ***ALL WORK SHOULD BE TURNED IN ON GOOGLE CLASSROOM WHEN IT IS COMPLETED FOR ELA**

SS - Over the next few weeks, we would have been working on finishing up our WWII learning. Students should first complete the NEWSELA current events article and quiz. Each day after this assignment, a new assignment will be posted on Google Classroom. Please watch the videos and/or follow the activities that go along with the assigned section.

Here is the link where assignments on WWII will be coming from, WWII is towards the bottom. I will also be posting the appropriate sections daily for WWII resources and learning on Google Classroom:

<http://www.gavirtualearning.org/Resources/SSResources/SSShared/SharedUSHistory19.aspx>

Math - Each day I am going to post which lesson you need to complete in your Eureka Math Book. Please follow the page numbers listed as I will not require you to complete every page in the lesson. You do not need to complete the homework pages; however, the homework helper section at the end of each lesson may be helpful for you to review to be able to answer questions throughout the lesson. Please feel free to email me between 10 - 12 for help with these pages. Try your best, if you do not know some of the answers that is okay! This link has online help, practice and videos that goes along with your topic for each day.

<https://www.khanacademy.org/math/7th-engage-ny/engage-7th-module-6>

Science - We are going to be learning mostly about ecosystems for the next two weeks. This is the link we will be using.

http://cms.gavirtualschool.org/Shared/Science/7thGrade_Science_17_SHARED/Science7Ecogoly_SHARED/index.html

I will assign a different number of slides (pages) to complete each day. Please watch the videos, read the articles and complete any interactive assignments that go along with that page. Any assignments that go along with the lesson are linked on the right hand side of the slide. I will note if you need to complete the links on the right hand side.

7th Grade Lesson Plans for 3/18/20 - 3/31/20

Date: Tuesday, 3/17/20		Where should I locate this work?
