Why do you want to serve on the Carolina Voyager Board of Directors?

I want to serve on the Carolina Voyager Board of Directors because through my decade long experience in charter schools, I believe in choice and the ability to grant that choice to local citizens. Education is the key to our economy, bettering our community, bettering students' lives and giving students the opportunity to live their life to the fullest. As a board, we are meant to serve the students, faculty and school leader with guidance while also adhering to our fiduciary responsibilities. I believe I have the skills to contribute to this board and would like to make a difference in my community.

How do you hope to advance the mission of Carolina Voyager Charter School by serving on the board?

I would like to advance the mission of Carolina Voyager in numerous ways, but particularly in ways we can support the school leader so that they may do the hardest job of all--coaching their teachers to be the best they can be. I believe we should give school leaders the power to use their autonomy with our oversight.

What do you see as your greatest strengths, and what positive additions can you bring to this board?

Communications, Staff Management, Charter Advocacy

Why do you want to serve on the Carolina Voyager Board of Directors?

I have always been interested in serving on the Carolina Voyager Board of Directors. I think it is a perfect mix of all things that I love: my children's education, business operations, strategic planning/assessment, elementary education, CVCS and its mission.

How do you hope to advance the mission of Carolina Voyager Charter School by serving on the board?

I hope my 18+ years in higher education and my degree in elementary education assists in preparing our students for the opportunities and challenges ahead.

What do you see as your greatest strengths, and what positive additions can you bring to this board?

My experience in managing multiple auxiliary/business services budgets, facility projects, lease management, contract administration, strategic planning, assessment, accreditation standards are some of my greatest strengths. I believe the positive addition that I can bring the board is my love for education, thoughtful approach and desire for the school environment to be diverse, supportive and engaging for all (students, teachers, staff, parents).
