Why do you want to serve on the Carolina Voyager Board of Directors?

Carolina Voyager has played a very important role in the development of our son who is now in 7th grade. I have a great desire to see the school be successful and important to this community for many years to come.

How do you hope to advance the mission of Carolina Voyager Charter School by serving on the board?

I hope to advance the mission by my simple belief that I want all children to succeed. A strong foundation for children is immeasurable in their success in all areas of life. I want our son to look back on his years at Voyager with fondness and positive memories. The board, with a diverse mix of people in the school and community, can work together to make that happen and I want to be part of that.

What do you see as your greatest strengths, and what positive additions can you bring to this board?

I have lived in Charleston for almost 30 years, but spent my formative years in Denver, Colorado. I attended both public and private schools and believe that I can offer a fresh perspective given my background. I believe my work as a litigation paralegal serving clients from individuals to Fortune 500 companies is valuable in relating to and working with others. I am a hard worker, outgoing and always willing to learn. I value and respect other people's opinions.
